

# DOUTHITT and OLIX INTEGRATORS

## THE MOST COMPLETE SELECTION OF THE WORLD'S BEST COMBINATION LIGHT INTEGRATORS AND DIGITAL TIMERS

Quality demands control and consistency. Light source variations affect the quality of your exposed film, plates, screens or proofs. With microprocessor technology, these precision instruments automatically compensate for these variations by adjusting the length of the exposure to provide the correct amount of light every time. These integrators can also be set up to control vacuum draw down time to eliminate another variable.

### DOUTHITT Model Magic 83 Combination Light Integrator and Digital Timer

Price with frame mounted UV photocell with cable and bracket.....\$790.00

#### PRICE INCLUDES:

- (1) Ten (10) programmable memories.
- (2) Large, easy to read display that counts down and resets after each exposure.
- (3) Vacuum time delay.
- (4) Remote control of two lights or up to three intensity levels on Olec Printing Lamps.
- (5) Simple design for ease of operation.
- (6) Photometer.

### OLIX Model 975SC

- Thirty-one Channels • Control of Filters
- Battery Back Up • Individual Vacuum Delays

Price with UV photocell ..... \$1045.00

## DOUTHITT HEAVY DUTY AIR PUMP

### DOUTHITT MODEL 26 AIR PUMP

**A Quiet, Efficient, Cool, Maintenance Free Vacuum Pump** Designed to Operate on Compressed Air.

This new vacuum pump operates on a patented multi-ejector system driven by compressed air. The compressed air enters a system of venturiers at high speed and as it expands along its path, induces a much larger volume of air flow. This system is designed so that the induced air flow varies in a strength/volume ratio automatically according to the change in loading which enables the maximum effect.

#### SPECIFICATIONS

Air Consumption: ..... 8.8 CFM or 1 1/2 H.P.  
 Maximum Vacuum: ..... 27"  
 Total Weight: ..... 5.25 lbs.  
 Dimensions: ..... 14"L x 8"H x 3 1/2" Deep  
**Customer must furnish Compressed Air**

**AVAILABLE ON ALL DOUTHITT EQUIPMENT**

Price ..... \$995.00  
 If ordered on any Douthitt Vacuum frame or platemaker in lieu of standard pump and motor.  
 Price ..... \$395.00
